

# Horse Identification Correction Information Sheet

Date \_\_\_\_\_

To: \_\_\_\_\_  
Trainer/Owner name

This is to inform you that the horse \_\_\_\_\_ has a discrepancy between the registration papers and the horse's actual markings. A corrected certificate issued by The Jockey Club will be required before the horse will be tattooed or allowed to race.

The horse \_\_\_\_\_ was rejected for the following reasons:

☐ Color      ☐ Markings      ☐ Cowlicks      ☐ Other

Explanation: \_\_\_\_\_

As the trainer/owner of the horse, it is your responsibility to inform all interested parties and to make any necessary arrangements to meet the requirements of The Jockey Club. The following is the normal procedure for correcting a Jockey Club registration certificate:

1. Obtain a "Corrected Certificate" form from either from The Jockey Club or the WTBA.
2. Take a set of pictures of the horse as outlined on the form.
3. The fee for a corrected certificate is \$50.00 and if you want the Jockey Club to expedite (a three day turnaround from the time they receive the paperwork) the process they require an additional \$100.00. The normal processing time is approximately 3 weeks.
4. Send the original registration certificate.

The Jockey Club also has the "Jockey Club Interactive" on the Internet that can be used to correct certificates.

Neither the TRPB Tattooer nor the WHRC Identifier is responsible for getting the registration certificate corrected.
